**Item 8.01. Other Events.**

On December 17, 2015, HMS Income Fund, Inc. (the "Company") decreased its public offering price from \$9.55 per share to \$9.00 per share. The decrease in the public offering price was effective as of the Company's January 1, 2016 issuance of shares under its distribution reinvestment plan and will be effective as of the Company's January 7, 2016 closing.

In accordance with the Company's share pricing policy, its board of directors determined that a reduction in the public offering price per share was warranted following a decline in the Company's estimated net asset value per share that was deemed to be non-temporary and that resulted in an amount more than 2.5% below the then-current net offering price. As a result of the decrease in the Company's public offering price per share, the maximum combined sales commission and dealer manager fee per share and the net proceeds per share will correspondingly decrease from \$0.95 to \$0.90 and \$8.60 to \$8.10, respectively.
