Item 2.02. Results of Operations and Financial Condition.

On January 12, 2017, HMS Income Fund, Inc. (the "Company") increased its public offering price from \$9.10 per share to \$9.15 per share. The increase in the public offering price will be effective as of the Company's January 12, 2017 weekly closing.

In accordance with the Company's share pricing policy, its board of directors determined that an increase in the public offering price per share was warranted following an increase in the Company's estimated net asset value per share in order to ensure that the Company's net asset value per share does not exceed its net offering price per share. As a result of the increase in the Company's public offering price per share, the net proceeds per share will correspondingly increase from \$8.19 to \$8.24, while the maximum combined sales commission and dealer manager fee per share will remain at \$0.91.
